Response to Amendment

1. The amendment to the claims filed on 2-27-03 does not comply with the requirements of 37 CFR 1.121(c) because the amendment to claim 1 in Amendment "H" filed 2-27-03 is inconsistent with claim 1 as set forth in Amendment "E" filed 2-01-02. It appears that the amendment markings (i.e. underlining and/or bracketing) of Amendment "H" were based upon the limitations as previously set forth in claim 1 of Amendment "D" filed 7-02-01. For example, claim 1 as set forth in Amendment "E" recites the limitations "wherein said non-chelating non-surfactant is selected from the group consisting of unsaturated cyclic ureas, 1-alkyl-alkanones, 1-alkenylazacyclo-alkanones, non-steroidal anti-inflammatory agents." However, there is no instruction set forth in Amendment "H" which directs the deletion of these limitations from claim 1. Due to the inconsistency regarding the amendment to claim 1, a proper examination of the remaining claims, which depend from claim 1, cannot be made. Applicants must clarify the amendment to claim 1 prior to examination. Additionally, the amendment to claim 1 as set forth in Amendment "H" does not indicate the number of times this claim has been amended, in the instant case the amendment should state that claim 1 was amended three times.

2. Amendments to the claims filed after March 1, 2001 must comply with 37 CFR 1.121(c) which states:

(c) Claims.

(1) Amendment by rewriting, directions to cancel or add: Amendments to a claim must be made by rewriting such claim with all changes (e.g., additions, deletions, modifications) included. The rewriting of a claim (with the same number) will be construed as directing the cancellation of the previous version of that claim. A claim may also be canceled by an instruction.

(i) A rewritten or newly added claim must be in clean form, that is, without markings to indicate the changes that have been made. A parenthetical expression should follow the claim number indicating the status of the claim as amended or newly added (e.g., "amended," "twice amended," or "new").

(ii) If a claim is amended by rewriting such claim with the same number, the amendment must be accompanied by another version of the rewritten claim, on one or more pages separate from the amendment, marked up to show all the changes relative to the previous version of that claim. A parenthetical expression should follow the claim number indicating the status of the claim, e.g., "amended," "twice amended," etc. The parenthetical expression "amended," "twice amended," etc. should be the same for both the clean version of the claim under

Art Unit: 1635

paragraph (c)(1)(i) of this section and the marked up version under this paragraph. The changes may be shown by brackets (for deleted matter) or underlining (for added matter), or by any equivalent marking system. A marked up version does not have to be supplied for an added claim or a canceled claim as it is sufficient to state that a particular claim has been added, or canceled.

3. Since the reply filed on 2-27-03 appears to be *bona fide*, applicant is given a TIME PERIOD of **ONE (1) MONTH** or **THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to submit an amendment in compliance with 37 CFR 1.121 in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
